Not much to say this week, I think the playing group now realise the standard of Reserve Footy for 2012. We were belted last week against Walkerville and again Saturday by TTG. We definitely have the depth and quality of players to be TOP 3 but our efforts need to more consistent during the week and more desperate on Saturday. Our second half we proved we can match it with them led, efforts by James Admiraal and first year player Nathan Siebel with aggression and great tackling. We kicked 5.3 and the opposition 6.6 in the second half and missed 3 very easy shots on goal.

We need to focus on the first 5 minutes of a game and hit hard and play with confidence and I firmly believe that we have "the goods" to be successful this year. We need to run and spread at stoppages which then creates attacking moves to the forwards.

Thanks to Sam Parkinson Marketing for their donation to Ladies Night on Saturday night.

C Grade

	Q1	Q2	Q3	Q4
PAOC	3.4	11.4	16.7	21.10
Gepps Cross	3.1	4.2	5.2	6.5

Goal Kickers: Tim Sanders 12, Michael Siciliano 4, Ben Mader 2, Matt Noblet 1, Aaron Richards 1, Dan Romano 1

Best Players: Tim Sanders, Ryan Winter, Phil Raptopoulos, Alfie Brown, Michael Siciliano, Max Clarke

This week I thought that the C grade played really well for 3 quarters. We started slowly against Gepps Cross which is a bit of a concern against better sides they might get the jump on us if we start the way we did.

At quarter we re-focussed and then came out and possibly played our best quarter of footy for the year, certainly since the Uni game, we slammed on 8 goals to nil for the quarter and the game was sown up at half time.

I challenged the players to set themselves up for a big win, as we know it easy when you come up against inferior opposition to just go through the motions and have a 10 goal win but in the second half we managed to extend our lead at 3/4 time and also at the final siren so this was pleasing.

We had great contributions all over the ground, Ryan Winter is a star he played his first game with us for 2012 and dominated the game off his wing. Rappa played a great game in the middle as did Max Clarke, I think both boys really enjoyed the freedom of not having Bazz in the middle, this is a great problem to have. We decided this week to use Bazz Sanders up forward to give us a target to kick too and he prevailed kicking 12 goals 2 for the game. The Pres continued his rich vein of form at the moment kicking 4 goals, he is relishing his small forward role off the half forward flank.

Our defence was very solid the half back line of Alf Brown, Mick Sanders and Nick Cooper let nothing through and if it did get through the line I thought the skipper Ryan George re-bounded well. Grundy and big Housey also made solid contributions in the ruck.

This week is a massive game for us, we play Broadview away, from the results our next opponents are right up there so we need to come ready to play. We look forward to the challenge this will give us a really good indication of where we are at.

D Grade

	Q1	Q2	Q3	Q4
PAOC	6.5	13.9	19.15	26.21
Gepps Cross	0.1	1.2	2.2	2.4

Goal Kickers: Nick Brooks 11, Brad Weidenhofer 4, Max Burford, Jess Fyfe 2, Justin Trim 2, Dylan Hunt 1, Jack Brabham 1, Adam Balnaves 1, Will Ellison 1

Best Players: Brandon Kerin, Nick Brooks, Will Ellison, Andrew Heitmann, Jess Fyfe, Max Burford

In game that was in our control from the opening bounce against the bottom team we had a few outstanding performances. In a best on ground first quarter effort of in and under dishing the ball out was Andrew Heitmann. He slowed a little in the rest of the game. Playing in the centre this week was Brandon Kiren and he played a fantastic four quarter game loving the wet tough conditions. Nick Brooks at full forward managed to snaffle 11 big ones well done. A special mention to Justin Trim who made wonderful return (2 goals) after 2 years of retirement.
