After a solid week on the training track working on a very simple game plan the boys were now ready to take on Adelaide Uni at Thebarton Oval in the D8R grand final.

We followed our normal routine with all the boys in the change rooms by 9 22am preparing for the early starting time of 10 20am. Our start to the game was not the best as we looked a little nervous combined with good pressure from Uni we struggled to move the ball with any real method. At the first break we were a little lucky to be only down by 13 points thanks to Uni only kick 2 goals from their 6 shots.

The 2nd was a battle as both teams played some very good positive footy. We were now finding some space and with clean ball delivery into the forwards we kicked 3 for the term which was matched by our opponents.

With a few minor changes to the line-up at half time saw us take full control of the game in the Premiership quarter. Our midfield was on fire with Max Burford, Ryan Winter and Sam Wood creating plenty of headaches for the Uni bench. The game plan which we had been working on for 3 weeks was now paying dividends as we put 4 between the big sticks while Uni only managed 1 for the term. We now had a 1 goal lead with only one quarter of footy left for the year.

At the break we remained calm as we knew if we kept running and moving the ball into space that Uni would not be able to go with us in the last term as some of their older players were now looking very tired. We again outscored Uni for the quarter by 1 goal after some extremely good work by our defenders in particular Will Wood who managed to stop what appeared to be a certain Uni goal with a fantastic spoil followed by an across the boot smother in the space of a couple seconds to force a boundary throw in. We took the ball from the throw in the length of the ground to kick the winner.
