The A grade were greeted with perfect conditions at Park 9 on Saturday. In front of the past players crowd we were intent on proving to our supporters that we could match it with the competition's best. We settled well but struggled to move the ball through Gaza's full ground zone. Our effort and accountability was excellent and as the quarter progressed we fought our way forward, looking for our leading forwards and executing clean skills to head into quarter time with a 20 point lead.

The second quarter belonged to Gaza as they lifted their effort and got first hands on the footy. Credit to the team though we hung in there and were able to limit the scoreboard damage to enter half time with a 1 goal lead. As expected Gaza came out strongly in the third term kicking the first 2 goals of the quarter and pretty quickly we found ourselves in the same situation that we were in out at Gaza earlier in the year. Credit must go to the playing group as from this point on we lifted our work rate, won the stoppages and began to run. As a result we kicked multiple goals to finish the quarter and turn at the last break with the advantage.

With the parochial crowd behind us and our own determination to take a scalp we were never going to let this game slip in the last quarter. With the direction to run until there's nothing left the group continued to press and run over the top of a very good Gaza outfit finishing with a solid 6 goal victory. It won't get any easier this week as we set ourselves to take on the old foe at The Caterer. It would be great to see as much support as we can in what's sure to be a big day.

Following several team changes this week, and a really solid team on paper, it was important that we came with the right attitude and continued to play to our own standards.

The Gaza boys came with a really competitive attitude and showed more energy at the contest and were more willing to work to space than us in the first half. With Big Will Brennan and Fraser getting their hands on it first, we tended to overcommit with our attempt at clean, fast clearances, leaving us a little undermanned at the direct drop zone and too frequently had no coverage on their goal side. Our competitiveness and work rate improved as the game went on and we were able to put real scoreboard pressure on with Fry doing most of the damage with 6 goals for the day. The midfield worked hard throughout with Josh Graetz especially getting inside ball and executing by foot well. Aaron Manning was accountable deep in defence and was able to work off his opponent several times with intelligent rebound.

We had a flatter than usual night on the track on Thursday and it showed on Saturday. We need to admit there's a correlation between our speed and intensity at training and our output and willingness to get the best out of ourselves on gameday. Very comfortable with the win in the end but already looking forward to a really important match against Saints this week.

Best Players: Tim Sanders, Henry Treloar, Nick Noblett, Sam Johnston, Andrew White, Jack Tidswell

In conditions that were very good for football at Hunter Park the C grade game against Old Iggies was a messy, crowded, lack lustre affair. Big packs around the contest made it very difficult to move the ball with any speed and authority until the last quarter when finally gained the upper hand and were able to find some clear space which led to us cutting the Iggies defence open. 5 of our 9 goals came in the last term. Not a game for the time capsule.

We had solid a defence all day marshalled well by Nick Noblett, Andrew White and Jack Tidswell repelling Iggies attacks on numerous occasions.

Sam Johnson and Henry Treloar were the best of our midfield plus Bazz was being Bazz.

Another very good win for the D grade. A pre-game focus was to learn from our previous game and better convert our opportunities. With the assistant coach donning the tape and providing a target we were able take advantage of our field play and have the majority of our shots from the hot spot to ensure the scoreboard reflected our dominance in field play.

The run and use of the ball improved as the game progressed with everyone playing their part and contributing to the team success. Again our defence was solid, repelling nearly every attack from the opposition and then setting up to provide the rebound forward. In the forward 50 we gave ourselves space and didn't rush but looked to choose the right options. Charlie Comerford again provided our mids with first look at the ball and they provided the spread, switch and run we need to compete with the stronger teams in the coming weeks. Carl Dorsch was a revelation at CHF, Will McPhee owned his wing and his voice was a significant factor. In the end we had 22 players and every one played their role and could have been counted amongst the best.

Highlight of the day and an instant social media sensation was Andrew Heitmann running from the back pocket to space in the forward line, being hit up by Will Hudson, going back and slotting it through – never in doubt!

After a disappointing loss the week before we literally trimmed the fat with Tyndall, Smith and Newbery all shipped off to Melbourne while Alfie Brown was off shopping for property because he can.

We did bring players in to replace them however the memo about it being a 10:15am game didn't quite get out. Coach Marsh checked the watch and realised at 10:10am and only 17 players present that maybe the rest might not show up. Onto the phone he went and we managed to get 18 players for the opening bounce against the top of the table side.

It mattered little as we jumped them with a 4 goal to 1 first quarter. From there it was all downhill as the likes of Prest, Davis, Katsaros and the rest all started to turn up through the second quarter.
