Park 9 didn't quite handle the deluge of rain that came Friday night so we were greeted with a wet and muddy playing surface for our game against SMOSH. Regardless of the conditions we were intent to take a proactive approach and take the game on rather than accept to slog it out in the heavy conditions.

Our midfield were dominant from the start. At ground level we won the contested ball and given the conditions our hands were clean enough to set up our outside game. Defensively we were sound across the ground. The back 6 were stingy and created plenty of run once we won possession. This was the difference between the 2 teams at half time – SMOSH were happy bombing the ball forward and gaining any yardage they could, where as we were prepared to use our running game to create better forward entries.

Knowing SMOSH would come out firing after the half time break it was important that we were prepared to match their intensity at the beginning of the third quarter. Again it was our midfield who set the tone. Winning the first few contests allowed us to score the first couple of goals of the quarter to put the contest to bed. A strong performance across the park saw us record a commanding 9 goal victory.

A mud-free season at Park 9 are as rare as hen's teeth and just as we thought we might have one, plenty of overnight rain on Friday put an end to it. We were greeted with pools of surface water on the oval which would quickly turned to gravy so it was important to hit the scoreboard early.

With the elements and the ordinary condition of the oval, together with the Ladie's Night plans, it was important that we focused on the task at hand and embraced the contest. I was most impressed with the boys application right from the start and their commitment to work on the heavy deck. Tom Barnes was the difference in the first half getting a heap of clean ball and shrugging tackles with relative ease to kick early goals. Oli Clarke too showed a heap of composure and handled the conditions well. Ben Young's work at stoppages was good again and pumped the ball forward for 4 quarters. Aaron Manning and Luke Bartlett were handy on-ball all day and the back 6 led by Mitch Brealey used the ball intelligently throughout. Was pleasing again to keep the score's against to a minimum, something we will continue to strive for as we near finals.

A huge fixture this week as we tackle what appears to be our biggest September rival in Modbury at Park 9. Our consistency is building which is great but it's important we keep the mood and intensity up on the track and look to play to our standards week to week.

A match not to get too excited about. North Haven had a couple of very good players which were able to get plenty of the footy that they pumped into their forwards this did set our defenders a good challenge. On most occasions we were able to fend off the attacks and take control with clean spoils, positive handball and short switch passing.

We slowly pulled away over the course of the afternoon. Nick Blanch was providing a big target at FF and was able to snatch a couple of big grabs and kick truly.

The centre square ruck work was excellent with Drew Clements jumping well above his opposition to find Sam Johnston in clear space running goal ward on numerous occasions.

Best Players: Jack Zacker, Angus Parkinson, Andrew Sykes, Jackson Myhill, Todd Alexander, Seb Richards

Away at Plympton with rain and a muddy oval, conditions were not ideal for our quick movement, running open game. It was a genuine winter slog and being the early game after the Old Scholars dinner there were a few who were suffering the effects of the night before.

Throughout the game we were able to control most of the play, the opposition chose early to put additional behind the ball to restrict our space up forward and to attempt to make it a congested game. We were able to still control most of the game and despite the conditions at times were able to lower our eyes and penetrate their defence and create scoring opportunities.

Jack Zacker provided a target and strong body up forward and around the ground, Angus Parkinson had his best game of the season burrowing through the packs, he is one who loves these conditions. Sykes and Myhill both showed that even in adverse conditions their skill level prevailed and Seb Richards had a strong game. Thanks to Hahns Sullivan on his cameo for the D grade returning from injury

Next week is a battle for top spot however the real action will start a few weeks later. Let's see everyone on the track as September is a good time of the year to be playing Reds football.

Round 16	Q1	Q2	Q3	Q4	Tot
PAOC	1.2	2.4	3.4	5.4	34
North Haven	1.4	1.5	5.7	7.8	50

Goal Kickers: Scot Tyndall 2, Christos Karageorgos 1, Brad Weidenhofer 1, Tom Prest 1

Best Players: Mark McGregor, Nate Siebel, Nick Pemberton, Chris Short, Braydon Cordingley

There were a few heavy eyes on arrival as the Old Scholars Dinner had got the better of a few the night before. The long trip to North Haven to play in the rain was just what everyone needed to come good and recover from their hangovers.

We started very poorly (shocking) however North Haven kicked poorly in the first quarter to keep us in it. Alfie Brown's leadership on how to play with a hangover was very much missed. Fortunately Mark McGregor had got home at a reasonable hour and helped keep us in the game.

A war of words erupted at half time after we changed umpires at quarter time (Crazy Jack taking over). North Haven were furious at the change with comments made at half time that just because their umpire was cheating doesn't entitle us to switch umpires and do the same. This logic shocked a few with some players not sure how to respond.

Coach Prest gave the boys a massive bake at three quarter time. At this point the Weed was running on fumes and Siciliano saw God, both being made to pay for a lengthy stint on the Blackjack table the night before.

There were some positives with Chris Short and Braydon Cordingley really stepping up and playing good aggressive football. Nate Siebel was also a star while Tom Prest tried hard but failed to live up to expectations. Tom will be shattered to read this as every week he shares the newsletter with mates telling them how well he went.
