	222 34 . 18	C GRADE vs. SPOC	0 0 . 0	
	66 10 . 6	D GRADE vs. HENLEY SHARKS	29 4 . 5	
	97 14 . 13	E GRADE vs. ROSEWATER FC	21 3 . 3	

A Grade

Coaches Report

The A Grade were keen to take on the old rival Saints after a poor display against Sacred Heart the week prior. We started the game really well, hitting the scoreboard early and making the most of our clearance and forward half dominance. After being 21 points up at quarter time, we started the 2nd quarter a touch slow giving away some easy free kicks which allowed Saints to stay in the game. We had multiple forward half turnovers and won the clearance battle which gave our forwards good 1 vs 1 chances inside 50. However, with all our dominance we gave up a couple of easy goals near the end of the quarter and weren't as efficient with our ball use going inside 50 which left us 6 goals in front at half time. After half time Saints responded as we expected them to and our concentration and intensity around the ball dropped off 10-20%. Saints won the third quarter by less than a goal, however only 2 goals were scored for the whole term. A positive for us as previously when teams had been on top of us for periods of time they were kicking 5-6 goals instead so we did a much better job of stopping them hitting the scoreboard when we weren't on top of the game. In the final quarter we added another 3 goals to 2 in a scrappy last half to run out 41 point winners in a must win game for the club.

- Craig Pitt

Best: Lachlan McNamara, Luke McCauley, Jordan Neal, Joshua Garrels, William Charlick

Goals: Pitt 4, O Clarke 3, Brazel 2, Garrels 2, Wicks, McNamara, J Davis

B Grade

Coaches Report

The B grade took on Saints at home on a perfect day for football. Saints had recently been competitive in the B grade and we were very keen to get off to a great start and take away any belief they might have in causing an upset. For the first 10 minutes of the game this wasn't the case, they kicked the first goal of the game and we were not defending as we wanted. Credit to the boys for the last 12 minutes of the 1st qtr we lifted and started to dominate the game and ended up hitting the scoreboard with 4 goals from 10 scoring shots. Our midfield was winning centre clearances off the back of Tom Cook in the ruck and we were playing some of our best attacking football but still with some basic turnovers. We went in at half time 5 goals in front with good control of the game but had scored more points than goals and hadn't quite put them away. The third quarter was our best attacking football for the season with us kicking 8 goals from 9 scores and keeping them to only 1 goal. Our attacking football in this quarter was built on first give handballs, plenty of run and carry from our half backline and midfield and our forward line was open and working well together and our kicking for goal was excellent. We dominated stoppages and Saints defending and pressure dropped away significantly. We kept them goalless in the last qtr and won the quarter but didn't play great football. Overall a great win by just under 100 points against our arch rivals.

- Trent Bromley

Best: Jack Dundon, Sam Alexander, Joe Howard, Tom Cook, Joshua Fedele

Goals: Short 4, J Perks 2, Cook 2, McInnes 2, Mantovan, Thredgold, Howard, Howe, Charlton, Ellery, Fedele, Dundon

C Grade

Coaches Report

After SPOC forfeited last weeks game the boys were very grateful that they assembled a team this week. We understood due to availability issues in the higher grades we were probably going to be able to have a little fun after half time & going into the main break over 100 points up that we did! Forwards went back, backs went forward, old boys sat on the pine & we managed to get Archie Allen & Will Ayers their first goals for the club which was brilliant. 17 goal scorers out of a possible 21 was a great showing of unselfishness & probably what was most pleasing was seeing our boys enjoy sharing the love around so much. Theres a couple of defenders with a case to argue going forward so all need to stay on their toes! 222 point winners gives us outright top & now percentage on 2nd place which all jokes aside might end up being very important coming into the last minor round game of the year.

- Tom Brinsley

Best: Henry Goold, Angus Russell, Harry Russell, Archie Allen, Hugo Lidums

Goals: Bartlett 5, Tromans 4, Hall 4, Potts 4, Parisi 3, Dolling 2, Choimes 2, Mosey, Hudson, A Russell, Ayres, Catt, Mi Drogemuller, Allen, Lidums, Goold, Burford

D Grade

Coaches Report

The D Grade travelled out to Henley for a top of the table clash. First quarter the back six defended well against Henley's early onslaught after kicking the opening goal, we then kicked four unanswered goals to finish the quarter on top. We started the second quarter on fire, winning every center clearance thanks to Homburg's dominance in the ruck and hitting the scoreboard early in the quarter. The second half was a much more even contest Henley threatened to make a comeback but every time they got within three goals, we nullified their pressure and hit the scoreboard ourselves. The most positive thing to come out of the win was having all 21 players evenly contribute towards the win.

- Max Clarke

Best: Sam Homburg, Luke Stevens, Harry Bennett, Matthew Lowe, Mitchell Brealey

Goals: SMA Drogemuller 3, Escott 2, Pemberton, Mallick, Williams, Faull

E Grade

Coaches Report

With a few injuries and unavailability the E grade headed down to Rosewater needing a win to get back into the 5. The team started well led by new recruit Charlie Goldsworthy and the defence were giving us outstanding rebound with Kitto Stewart leading the charge. We consolidated our position in Quarter 2 but our disposal and inaccurate forward entries gave the opposition some hope of a comeback. After being challenged at half time to lift their intensity the boys came out running hard and broke the game wide open with a 6 goal to zero quarter. West and Siciliano were excellent and led the goalkicking for us. The defence continued to hold up strongly and Hockney dominated his position at CHB and set up our midfielders for forward entries. We controlled the final quarter but couldn't convert our opportunities with a congested forward line and below average disposal. Isaac Sanders and Angus Naughton played their best games for us and it was a solid all round team effort. We now look forward to consolidating our position in the top 5 with a big performance against Port Districts this week.

- Andrew Buttery

Best: Charlie Goldsworthy, Jack Kitto-Stewart, Edison West, Harry Hockney, Isaac Sanders

Goals: Siciliano 4, West 4, Farminer 2, Harvey 2, H Searles, Atkins
