In what was a crucial game in the context of the season we travelled to Scotch to take on a side that had found some good form over the past month. With a number of inclusions that suited the conditions we went in confident for a strong performance.

We struggled to get our hands on the footy in the first 2 or 3 minutes but once we settled we used the ball well, moving it quickly into our forward line to create a number of chances in the opening term. Our forward pressure was good as we were able to hold the ball in our forward 50. The second quarter became an arm wrestle, with the rain coming down heavily and strong winds we struggled to get any fluid movement forward. The last 10 minutes of the half saw us adapt better to the conditions as we began to run the ball up the hill, into the wind and were able to maintain a 2 goal margin at the main break.

We knew the importance of the first goal of the third quarter and we got this quickly. We started to dominate the centre clearances and quick entry into our forwards saw us add 2 more goals within the first 5 minutes of the term. Our defensive efforts across the ground were excellent throughout the quarter limiting Scotch's ability to move the ball freely forward.

We increased our effort in the first 10 minutes of the final term. Pushing up the hill we kicked the first 2 goals of the quarter to kill the contest. From that time on we limited Scotch's opportunities and left with a 52 point victory.

In delicious conditions at Scotch main oval, the boys had a slow start conceding the first 3 goals in what was a top of the table clash. Following this though, our intensity at the contest and urgency with our 2 way running lifted and were right back in it at the first break. We were far more intelligent with our positioning and adhered to structures well which saw us able to quell Scotch's forward thrusts consistently. The pressure on the ball carrier was good and meant they had little to know effective disposals into their 50. The backs worked as a unit and mixed accountability and positive rebound well.

After the break, our onballers led by Crawford and Ramsay started to get the ball on the inside and were well assisted by Brennan in the ruck. Max Burford was a real handful with his speed up forward and utility Drew Clayfield's reading of the play and spark was handy. A lot of the boys really got into the game and involved themselves in the contest in the second half. Very pleasing that all 21 had an influence on the game particularly with so many changes from the previous week. Another box ticked for us but the challenge to bring a good, consistent effort weekly is still ahead of us.

Not a good day at Park 9 for the C grade. We failed to adapt to the tough wet windy conditions against TTG at all. We seemed to either be forced by TTG or chose to play down the far side of park 9 which made scoring extremely difficult in the windy conditions. Our team was competitive around the ground but really struggled up forward in front of goal. We managed to kick only 1 goal for the entire game but we did kick 8 behind and numerous other shots out on the full.

In contrast TTG seemed to have little trouble finding the centre of the big white sticks. I will put it down to just one of those days. We are looking forward to bouncing back this Saturday

A big thank you to the 4 school lads that played. Will Daniel, Rupert Benson, Kosta Mavropoulos and Hamish Latchford

Believe it or not it was a beautiful morning out at Salisbury. With hail, winds and heavy rain on the drive out we arrived to sunshine and a ground in excellent condition, so we can't blame the weather for our atrocious 9.17. In the end it didn't cost us however this is an area we have started to develop some bad habits in and must look to improve from this week.

With even more school lads helping out and filling the team we gained control early and were able to exert our dominance in the midfield and finish off up forward. The 2nd quarter we were caught a couple of times pushing too far up and probably chasing the football. The 2nd half saw the opposition flood our forward half which contributed to the forwards being unable to find space and multiple behinds being the result.

7 of the 9 goals and many of the points were contributed by the lads who are still at schools and we appreciate their efforts in assisting us at this time of the season. With this quality of footballer and individual coming through the club's future is certainly in good hands. Thanks lads.

The top of the table in C2 remains extremely tight with the top 3 teams all at 10 wins & 2 losses separated only by percentage. With 6 games remaining and 4 at home we need to maintain the effort and look to improve week on week.

Tea Tree Gully have been the inform side in recent weeks despite their ladder position and they proved why on Saturday. They were too good for us on the day in very wet conditions at Park 9.

The game was an arm wrestle all day until Tea Tree Gully pulled away in the last quarter. It was at this point where our players started to realise hamstrings were tightening up and looked to the bench to escape the wet weather. Peter Walsh was spotted pointing at his heart muscle when trainers enquired what was the injury he was coming off for late in the last quarter.

Our normal 40 possessions per game player Tom Prest was the only sensible one who checked bom.gov.au for the weather forecast and decided to skip the game.
