COACH'S REPORT:

Our main focus for the match on the PAC Front Oval against Flinders University was "Jobs & Growth".

As a team, we knew that if every player on list did their allocated job on the day to the best of their ability we would see the team's confidence grow during the game - which would lead to seeing growth on the score board.

As it turned out, our team did a fantastic job over the entire 4 quarters. Our Rucks gave our midfielders first look at the football for most of the match this resulted in the pressure on the Flinders University defenders grow & grow - forcing many turn overs.

After a mixed start, our defenders also 'got the job done' by providing plenty of run and options out of our back lines while keeping Flinders University to only 3 goals after half time.

The forwards were allocated slightly different jobs this week - which didn't go to plan in the first half - but we reset jobs during the break. The forwards responded and also got the job done with fantastic movement and team work as we fought it out to a comfortable 27 point victory.

COACH'S REPORT:

It was a pleasure the coach the lads last Saturday. Winning by a large margin was most pleasing - and it was the way they played the game out to the end. As a result, selection will be a nightmare this week.

We had a potent forward line with Nick 'Roopa' Martin starring with 9 goals and both Ben Vidic and Tom Prest playing impressive games - not to mention the rotating full forwards in Brad Weidenhofer and Aaron Richards who both kicked 3 goals and Will Ellison with 3 valuable goals from the pocket. We had the luxury of playing a few backmen up forward in the last quarter who also contributed to the impressive score line.

In the end, it was very much a team effort and I couldn't fault the endeavour shown by any of the 25 players.
